Nipples For Nibblers

Kitties taken off the teat too soon will often find a household suckling substitute, as anyone with a nibbled couch corner can attest. Wean them, instead, on the Catsifier pillow. Baited with a pinch of catnip, it'd be pretty hard to resist. About \$20, [Catsifier](#)

I found a kitten beside the road.. tiny and dehydrated. she didn't even know how to eat or drink. Now that she is grown she is constantly nestling up to me and I get the claws along with the wet tongue as she pretends to nurse my arm. ulch I am ordering one of these today.
